

JAYA KRISHNA JAMMU

Working Student – Embedded Systems / Robotics / Automation

PERSONAL DETAILS

Address	Erlangen, Germany
Telephone	+49 155 1105 1412
E-Mail	jammujayakrishna789@gmail.com
GitHub	github.com/jammujayakrishna
Portfolio	https://portfolio-of-jk-jammu.onrender.com
Date of Birth	15.07.2003

PROFILE

MSc Electromobility student at FAU Erlangen-Nürnberg with hands-on industry experience as the first Junior Robotics Engineer at Koding Caravan, working across the full development cycle — embedded C/C++, sensor and actuator integration, hardware validation, and technical documentation. Adapts quickly to new tools and fast-paced environments. Seeking a working student position in embedded systems, robotics, or automation.

EDUCATION

Since 04/2026	M.Sc. Electromobility Friedrich-Alexander-Universität Erlangen-Nürnberg (FAU) Erlangen, Germany
11/2021 – 04/2025	B.Tech in Electrical & Electronics Engineering Rise Krishna Sai Prakasam Group of Institutions (JNTUK) Ongole, India

PRACTICAL EXPERIENCE

03/2025 – 03/2026	Junior Robotics Engineer Koding Caravan Pvt. Ltd. Robotics and STEM Education Division Singarayakonda, India • Designed and developed robotics projects using Arduino and embedded C/C++, integrating sensors (ultrasonic, IR, IMU) and actuators via I2C/UART for real-time automation. • Conducted Robotics, Arduino, and STEM training sessions, and supported workshops, exhibitions, and educational programs. • Authored technical documentation and learning materials, and maintained robotics hardware across projects. • Rated highly satisfactory by the employer for technical knowledge, problem-solving, and professionalism, building strong working relationships with colleagues, students, and management.
-------------------	--

PROJECTS & PUBLICATIONS

2025	Integrated Charging System for EV Power & Auxiliary Batteries Using a Dual Active Bridge Converter Designed and simulated a DC-DC Dual Active Bridge converter enabling single-stage charging of high-voltage traction and low-voltage auxiliary EV batteries, using closed-loop phase-shift modulation; validated in MATLAB/Simulink for efficiency, transient response and thermal behaviour. <i>Published in JSETMS, Vol. 2, Issue 10, 2025, pp. 42–53 · doi.org/10.64771/jsetms.2025.v02.i10.pp42-53</i>
------	---

FURTHER SKILLS

Languages	English — Advanced (IELTS) German — Elementary (A1) Hindi — Intermediate Telugu — Native
Technical	Arduino / Embedded C/C++, Robotics & Automation, Sensor & Actuator Integration, Electronics & Circuit Design, Hardware Testing & Validation MATLAB / Simulink, Python, Basic PLC Programming, Data Acquisition
Certifications	Introduction to IoT — IIT Kharagpur (NPTEL) Industrial Automation (PLC) — SV Technologies, 2024
